

Snap Bassinet

PRODUCT CODE: [N9324](#)

Overview

The Snap bassinet is a full size bassinet designed to be used with all Snap and Snap 4 models, (with seat fabric removed). It is easily and securely inserted into the main frame housing for maximum ease and security using our quick release system. Featuring our extended airflow hood panel and velcro security belt, the bassinet allows for increased cooling and air movement inside, creating the best environment that is comfortable and secure for baby.
